

PRESS RELEASE FROM BSE in relation to the launch of the revised corporate section on BSE's website

In relation to the decision of the Board of Directors of BSE-Sofia from 19.10.2009 about the adoption of the National Corporate Governance Code (National Code), BSE presents the renewed corporate section of its website - "For BSE. The section is structured in accordance with the National Code recommendations and takes into consideration the best international and national practices regarding the content of corporate websites, classified by BSE, in support of the public companies and issuers, in the section "Information Disclosure."

The section has two new sub-sections: "Profile" and "For the Shareholders".

In the "Profile" sub-section can be found information about the licensing of BSE, its main scope of activities, main mission and strategic objectives, a brief historical reference for the development of the Exchange and the capital market in Bulgaria, the shareholder structure of BSE, information on the management bodies and the organizational structure of the company, information on the membership of BSE in international organizations and the standards that the Exchange follows in its work.

The "For the shareholders" sub-section is intended to systemize in a convenient form the BSE's corporate information. In it the shareholders of the Exchange can find a detailed description of their rights; information on BSE's General Shareholders' Meetings (competence, place of convening and documents related to the GSMs of the Exchange held in the recent years), the last published financial statements of the company (and a link to an archive of financial statements and management reports for the recent years), news related to the activities of BSE as a market operator and other press releases as well as quick links to sections with publications, analysis and presentations of the Exchange.

All sections are available in English.
