

Technical issue with BSE-Sofia's database

Due to a technical issue with the database of BSE-Sofia, please be informed that the following data resources are temporarily unavailable:

- Reports on completed orders and statements of transactions, which are generated through the web-site of the Exchange;
- The entire information provided via the web-site of the Exchange;
- Information services provided to data-vendors (RSS data-feeds).

Both the XETRA trading platform and the COBOS system function properly.
